

Carole Laible

Chief Executive Officer, Domini Impact Investments

Domini is an investment adviser with \$2.0b in assets under management and is focused exclusively on impact investing. Carole has over twenty years of impact investing experience. She is responsible for the overall research and mutual funds operations of Domini Impact Investments.

She has spearheaded Domini's pioneering work on systems-level issues and stability, focused on the influence investors can have on systems beyond their portfolio. She launched Domini's Systems Initiative, working to evaluate and increase Domini's systems-level impact.

Carole has been active in the fossil fuel divestment movement, supporting efforts through public outreach and advocacy. Carole also serves as a founding member of Sustainability Accounting Standards Board™ (SASB)™ Investor Advisory Group, engaging with companies on the use of SASB metrics. SASB is an independent 501(c)3 organization that issues industry-specific standards for use in disclosing material sustainability information in filings to the Securities and Exchange Commission.
